Have fun and grow in faith...
together!

Ages 0-3

Parents sign up to receive an e-Newsletter each month. Each e-mail contains articles, early faith formation tips, and fun activities and ideas to do at church and at home.

**Preschool
through
4th grade**

Animated characters re-enact Bible stories in a fun and accessible way. Lessons encourage exploration of faith and the Bible through discussion and age-appropriate activities.

**5th
through
7th grade**

Animated videos and lessons are geared more for concrete thinkers of this age. Each week, kids and teachers start their time together by watching a short video that helps them begin discussion and activities around connecting faith and daily life.
